

Open your heart to our community's homeless cats

A 501(c)3 nonprofit organization. We are dedicated to the care of feral cats, and members of our group work on a volunteer basis to feed, water, and provide medical care for hundreds of feral cats in Knoxville and surrounding areas. We participate in a trap/neuter/return program in an effort to control the feral cat population. The TNR program is where feral cats are humanely trapped by volunteers, taken to a clinic to be spayed or neutered and vaccinated, and returned to their colony where they are most comfortable. We are not an adoption agency nor do we take in unwanted pets. *Our organization only holds* adoption fairs in order to find homes for socialized kittens born into feral colonies and to re-home stray pets that are *abandoned in our colonies!* We are funded solely from donations and fundraisers with 100% of money raised going directly to controlling and maintaining the feral cat population.

What we can do: mentor you with your TNR (trap-neuter-release) project by teaching you how to use the traps (including care of the cats while in the traps) and loaning you traps to get the cats to the vet or a low cost spay/neuter clinic.

What we cannot do: remove feral cats from your neighborhood, place of business, etc., trap and transport the cats for you; loan traps for you to take cats to any animal service for euthanasia.

Monthly Meetings

🐾 Feral Feline Friends meets the second Tuesday of every month 7:00 pm at Mr. Gatti's at 6913 Kingston Pike (just west of Papermill Road.) Please come so you can learn about how you can help the feral cats of our community.

A big **THANKS** to the dedicated fosters and Petsmart volunteers who take such good care of our cats!

Please contact Deb at (865) 300-6873 or debmarsh@comcast.net if you would like to help in our adoption center.

Special thanks to Deb who keeps the adoption center staffed and so organized!!!

Happy Tails Adoption Story: Lila / Itty Bitty

This little one was from a litter of kittens rescued by Chris in Lenoir City. The kittens were not real young and had never been touched by a human. Chris thought for sure they would be feral but, after a few days, they were all tame and all have been adopted.

Lila/IttyBitty has definitely made an impact in the household! I renamed her IttyBitty ... Fits her and she comes running to it!

She has stood her ground with my resident cats! She stole the heart of my Grand Dame Miss Bitsy (her namesake). The 22 year old cat loves to "mother" the baby! It has perked up Bitsy; and Bitty runs to her if the **BIG CAT** looms large! Slowly, Bitty has made an uneasy peace with big cat (5 years old, 17 lbs.). They are becoming more at ease each day... As long as Bitty does not try to eat Patches' food or treats, Life is O.K. At night these two curl up together, so I think life is going well. At times, big Patches is a bit jealous, but I expected that because she has been my #1 buddy since she arrived 5 years ago!

From the beginning, Bitty has followed me around constantly... Always scampering about, walking **BETWEEN** my legs... Not in front and not behind! I ask the vet about that ... She smiled and said that was obvious: the kitty was treating me as her protector ... Her surrogate mommy! That made sense!

Anyway... She has made herself at home... Climbing everywhere, forever exploring, chasing balls, scratching posts with fervor, racing at top speed from room to room like a maniac, and eventually collapsing in an exhausted heap from time to time! She has made life more interesting for her older sisters and for me, of course! Thanks for checking in... Donna
