

Open your heart to our community's homeless cats

A 501(c)3 nonprofit organization. We are dedicated to the care of feral cats, and members of our group work on a volunteer basis to feed, water, and provide medical care for hundreds of feral cats in Knoxville and surrounding areas. We participate in a trap/neuter/return program in an effort to control the feral cat population. The TNR program is where feral cats are humanely trapped by volunteers, taken to a clinic to be spayed or neutered and vaccinated, and returned to their colony where they are most comfortable. We are not an adoption agency nor do we take in unwanted pets. *Our organization only holds* adoption fairs in order to find homes for socialized kittens born into feral colonies and to re-home stray pets that are *abandoned in our colonies!* We are funded solely from donations and fundraisers with 100% of money raised going directly to controlling and maintaining the feral cat population.

What we can do: mentor you with your TNR (trap-neuter-release) project by teaching you how to use the traps (including care of the cats while in the traps) and loaning you traps to get the cats to the vet or a low cost spay/neuter clinic.

What we cannot do: remove feral cats from your neighborhood, place of business, etc., trap and transport the cats for you; loan traps for you to take cats to any animal service for euthanasia.

Special "Thanks" to our Foster Families

Fostering pregnant cats has been the best experience ever! We have now fostered two moms and nine kittens. The last mom we fostered named Hazel we actually got to see two of her kittens being born which was really weird but neat also! My mom said that experience has made it all worthwhile.

We want to always foster cats because it's a lot of fun being able to play with the kittens, but also I feel good doing something to help cats that need good homes. I thought it would be sad when they had to leave but that goes away when you know that they have been adopted. Fostering is the best thing in the whole entire world!" Giselle and Ava

Happy Tails Adoption Story: April & Ariel

Hi Debbie. How nice of you to check on the cats. They are awesome!!! They are very close. They sleep together, cuddle together, play together. It's so fun to watch them. I was worried the first night because April was hissing at Ariel. But by the second night she was licking and grooming her. She's a patient mother. Ariel is so hyper and playful. It's fun to watch her. We did change April's name to Amanda, but we call them Mama and Little Bit. Anyway, I'm so glad I adopted them. They are a joy for everyone. Here is this amazing picture of them sleeping together...mama is kind of holding Ariel and they are cheek to cheek. It's really cute. Look forward to hearing back from you and thank you. Sheila

An infographic titled "Summer Weather Tips for Outdoor Cat Care" featuring a photograph of a brown tabby cat standing on a wooden deck. The text is overlaid on the left side of the image. At the bottom, there is a teal banner with white and yellow text, and the Alley Cat Allies logo on the right.

**Summer Weather Tips
for Outdoor Cat Care**

- Place narrow, deep water bowls in the shade to reduce evaporation.
- Keep wet food from drying out by adding a little water.
- Elevate feeding stations and surround them with baking soda to deter insects.
- Take care when you TNR! Always keep an eye on cats in traps, and don't place traps on hot surfaces.

Emergency Surgery for Cleatus – Donations Needed

We were called late one night about a situation where Cleatus had swallowed a needle. It was an urgent situation and Cleatus had to have emergency surgery to remove the needle. The surgery went well and Cleatus is on his way to a full recovery.

The surgery was over \$1,800 and we are asking for donations to help replenish our funds. We are a non-profit 501c3 and all funds go to the care of the cats. We are also tax deductible and can provide you with a tax donation receipt. Please help us continue to help as many cats as we can.
