

Open your heart to our community's homeless cats

A 501(c)3 nonprofit organization. We are dedicated to the care of feral cats, and members of our group work on a volunteer basis to feed, water, and provide medical care for hundreds of feral cats in Knoxville and surrounding areas. We participate in a trap/neuter/return program in an effort to control the feral cat population. The TNR program is where feral cats are humanely trapped by volunteers, taken to a clinic to be spayed or neutered and vaccinated, and returned to their colony where they are most comfortable. We are not an adoption agency nor do we take in unwanted pets. *Our organization only holds* adoption fairs in order to find homes for socialized kittens born into feral colonies and to re-home stray pets that are *abandoned in our colonies!* We are funded solely from donations and fundraisers with 100% of money raised going directly to controlling and maintaining the feral cat population.

What we can do: mentor you with your TNR (trap-neuter-release) project by teaching you how to use the traps (including care of the cats while in the traps) and loaning you traps to get the cats to the vet or a low cost spay/neuter clinic.

What we cannot do: remove feral cats from your neighborhood, place of business, etc., trap and transport the cats for you; loan traps for you to take cats to any animal service for euthanasia.

Monthly Meetings

🐾 Feral Feline Friends meets the second Tuesday of every month 7:00 pm at Mr. Gatti's at 6913 Kingston Pike (just west of Papermill Road.) Please come so you can learn about how you can help the feral cats of our community.

Lawn Chair Trapping with Linda and Rich

Kristen saw a homeless person feeding a kitten on Mall Rd in front of Cracker Barrel at the red light but she was on her way to pet sit. She called me since I feed at some colonies around there but she I didn't have a trap with me. Rich and I went the following night to check it out—the little guy was practically playing out in the road! First of all, I had to go into Cracker Barrel and ask if they would open the mackerel 'cause we broke the can opener. The folks there asked what we were doing and were amazed at the answer, except for one fellow who told about living way out in the country and catching a “polecat” in one of those things. If you're familiar with the area, you know there is not a good place to observe traps from the Cracker Barrel or across the road. So....we brought out 2 lawn chairs and set up camp on the edge of the road in front of the Cracker Barrel with binoculars to watch the traps. Needless to say, we looked like idiots but hey, it's all for the kitties. We got honks, waves and we think one guy took a picture for Facebook :) One lady came up and asked what we were doing with the traps. I told her but she said she was going to call the police unless I could prove who we were with and what we were doing 'cause she didn't want us trapping and hurting animals--ha ha--good ole business cards. After a while, 2 nice young ladies came up and wanted to know what we were doing--I told them they were waiting for the Christmas parade. They actually turned out to be very sweet and had no idea that people actually did that. Before they left, they asked if there was anything they could pray about for us and we told them—yes, the kitties. Must have worked because the next night, we caught little Millie
